Acknowledgement:

This report is the result of a year hard work of the staff of the Dakbhanga Education project. During the reporting period several events happened in the project. At this moment there are no vacancies. Our staff is motivated and dedicated to the development of our students.

Mr. Md. Rokonuzzaman Khan, Administrative Officer, is taking care of the Finances. Our team of Teachers in Dakbhanga and Moishkum supplied the necessary information.

We are getting the valuable support of Mr. Md. Masum Billah Khan, Country Representative and Mr. Supananda Barua, Assistant Country Representative.

I would like to thank all these people for their contribution to this report.

I would like to thank different government agencies who are supporting the project to supply different materials like book, questioners and training to ensure quality education.

I would also like to thank the people of Belgium who are supporting the project from Belgium and the Executive Committee Members of Dakbhanga Belgium for their continuous efforts.

Md. Jewel Talukder

Annual Report of Year-2 (Phase-IV)

Duration: 17 November 2020 to 16 November 2021
Education Project, Ramu, Cox's Bazar.

1. General issues

Introduction:

The first, second and third phase of five years of the Dakbhangga Education Project ended in November 2020. This report covers the 1st year of the fourth phase, which started on the 17th November 2020 and ended on the 16th November 2021.

Annual activities:

The annual sports and cultural programme happened according to the planning. The picnic was organized properly. During the reporting period we enjoyed the picnic. Both school students enjoyed the picnic at Dakbhangga Primary School. Due to government restriction this year we didn't go to outside of school. SMC members and project staff were present during both picnics. All staff picnic were properly finished March-2021 at Ali Kadam, Bandarban. The annual sports of this year was held in due time at Dakbhangga Primary school. Students of both school participated in the annual sports. The cultural programme and prize giving ceremony was held in Moishkum Osman Sarwar Primary School. During the prize giving ceremony was as chief guest. Mr. Md. Mostak Ahmed, Chairman of Kawerkhop Union Parisad, Mr. Md. Ali Haider, Head Teacher, Kawerkhop Hakim Rakima High School and his all staff, Mrs. Nasrin Sultana, Head Teacher, Naikongchory Girls High School, Md. Jewel Talukder, Project Coordinator of Dakbhangga Bangladesh, Md. Rokonzaman Khan, Administrative Officer of Dakbhangga Bangladesh, SMC president of both school, community people, students guardians, journalist, non residential students and project staff were also present the program. Students performed in the program. Guest was very pleased to see the performance of students. We observed International mother language day and Independent day in the school level. PC and AO participated different national and international day in the upazila level. We organized meeting with SMC and guardians during the students examination result publish. SMC and guardians gives us different suggestion and opinion to run the project smoothly. CR and ACR visited the project regularly. They attend the monthly management meetings & teacher's meeting. Management take different decision to run the project smoothly.

CR and ACR visited school activities during the reporting period. The SMC of Dakbhangga and Moishkum School visited the school regularly. Both SMC presidents visited school jointly. They express their opinion and observation best interest of children.

Events in both schools:

PECE examination was not held for COVID-19.

A little doctor training was held in February-2021 at Naikonchori Upazilla health complex. Total 20 students, 4 teachers; PC & AO members received the training. The trainer (MBBS) of little doctor training from Naikonchori Upazilla health complex. Our little doctor group go to community to discuss and message delivered on health issues and different diseases with mothers and children. 04 teachers help of them. Community people, guardians and SMC appreciate for these types of activities.

There are no staff vacancies during the reporting period.

Two of our ex-students of Dakbhanga named Arefa Akter Rifa and Saleha Akter working as teacher. Arefa Akter Rifa and Saleha Akter are working at Dakbhanga Primary School. The SMC and local community appreciated their recruitment and they are proud of it.

The 1st, 2nd & annual examination was not held for COVID-19.

2. Report

A) Main targets for 2nd six months with Progress till the end of December-2021.

B) Management, supervision and monitoring.

C) Annexure.

Main targets of the project for Year 1 of phase 4 with Progress till the end of December- 2021.

1. To run and maintained the existing two primary schools in two villages of Ramu Upazila of Cox's Bazar District:

a) To run the existing two Primary Schools.

b) Two schools will have all necessary furniture, equipment and education materials:

- As requirement of two schools, all necessary furniture, equipment and educational materials provided. These are mainly some text books (which are not given from govt. with free of cost), the exercise books, pens, Khata and other educational stationeries.

2. To improve the educational level by providing primary schools:

Children of 5-12 years enrolled for primary education:

a) All the children of age group of primary education of the two villages will be enrolled for primary education:

- The family survey of this year organized in January -2021 within the project area. During the Survey 1,000 children of age 5 – 12 years were identified and out of them 882₆

children were enrolled in the schools/madras in (religious schools) this year. Among them 447 students enlisted in the project schools. The enrolment rate is 88.2 % of the total and 50.68% the enlisted in the project schools of the enlisted children.

The Family Survey Report January- 2021 attached **Annex. – 10**

b) About 447 students of two schools will receive quality primary education.

- 447 students of the area are receiving the quality primary education in two project's Schools.

The list of the students of January- 2021 is attached in **Annex – 12.**

The Results of the 1st term Exams. of two Schools is attached in **Annex – 13.**

To provide uniforms for all the students.

All children of Pre-school and Class -1 to Class – V of the project have received uniforms of same color with a minimum cost as tailor charge. The project discussed with guardians and SMC before fixed up the tailor charge. This year no distributed dress for COVID-19.

To co-operate with the Educational officials and local Govt. of the project working area. Education officer and assistant education officer visited the school at several times and them thanks to all for great job. They were very much satisfied. Our Project teachers participated in the Child Survey. We participated the monthly NGO coordination meeting at Upazilla level. UNO, UEO and others Govt. officer were present the meeting.

3. To continue improvement of the secondary/higher educational level of the children of the area by providing support for the secondary/higher education to a limited number of the poor and meritorious students who passed from the primary school:

- a) To support the poor and meritorious students to get admission in the best local secondary/higher level.
- b) To provide necessary educational materials, admission, examination and registration fee to the students.

There is no residential student in project. In 2021 the project supported 25 students for secondary education as non residential students. 20 students new who passed class V in 2019 and another 5 from previous best. Students are studying in Khowerkhop Hakim Rakima High school (18), Naikongchori Govt. High school (1), Naikongchori girls High school (5), Ramu Khijari Govt. High School (1).Office provided their admission, examination, and registration fee and education materials.

The result of the secondary students who have passed from the project schools is satisfactory. All the students are very attentive and interested for their class. Project staff always communicates with teachers regarding on students education.

The summary list of the Sponsorship Students is attached in the **Annex – 6.**

4. To ensure quality primary education by continue to provide necessary training to the teachers:

The end of December-2021 total number of teachers in two Schools is 14 (2 part time teachers). Now 02 of our ex. students are working as teacher at Dakbhanga Primary School. All are skilled and motivated to work with children. They are always hard working for ensure quality education. I think it is very good for Dakbhanga Bangladesh.

- The total strength of teachers of the Schools as on December-2021 is shown below :

Dakbhanga Primary School			Moishkum Primary School			Total		
Male	Female	Total	Male	Female	Total	Male	Female	Total
3	3	7	2	5	7	5	9	13

A list of teachers of the Schools in December-2021 is attached in

Annex – 15.

5. To provide quality education for the children in the locality:

To ensure quality education to the children of Schools several steps were taken during this reporting period. Among those the main steps are described below:

- Academic Calendar 2021:

The Academic Calendar of -2021 was developed and implemented from the beginning of the year. The calendar was developed with the recommended on project staff. It is hoped that this would guide the Teachers to provide the quality education of the Schools. This year teachers were very good enjoying summer vacation.

The Academic Calendar of 2021 is attached in

Annex –1.

- Monthly class test:

A regular monthly class test of students was not continuing during this reporting period for COVID-19.

- Development of the Teachers:

To improve the basic knowledge of the Teachers monthly written tests were taken. This test has taken in the Teachers Monthly Meeting Day. It has found that all the teachers were trying to study the Text Books and general knowledge books to do a better result in the monthly test. Till the end of the reporting period this test was found helpful for improvement of the teachers. From 2012 year, we arranged a special increment for best employee of the year. Last year Umme Salma & Marjia_g

Begum jointly got award for the best employees of the project. We also provide a award as best initiator in a year. In 2021 Mr. Md. Abul Kalam, Head Teacher of Moishkum Osman Sarwar Primary School got the best initiator award.

- Picnics Sports and Cultural program:

The sports and picnic are very much helpful for bringing the children to the schools. These also bring the attention of the guardians to send their children to school. The Sports and Picnic of the Year 1 all ready have been done in timely. Due to government restriction we organized both picnic at Dakbhangga Primary School. The Picnic and sports were fruitful, interesting and enjoyable. The students, guardians, community people enjoyed the picnic and cultural programme. The cultural programme was presented by the students. That was appreciated by SMC and guardians. This year we completed our sports at Dakbhangga Primary School. The cultural programme and prize giving ceremony was held at Moishkum Osman Sarwar Primary School field. Local chairman, journalist, SMC members and local elite persons were present in the program. They enjoyed the program PC, AO & all teachers were also present.

- Providing education materials, uniforms and logistic support to the students:

To support the parents the project provided the education materials and logistics to the children. It helped the children to be more attentive in the study other than pressuring the parents who in fact, are not able to provide these. It helps in reducing the dropout rate. During this period the project provided sufficient education materials to the students. The education materials included text books, khata, exercise books, ball pens, colour pencils, uniforms etc and for secondary residential students all ready provided geometry box, pen, calculator etc. The students could get as much as they can use for their study. For these education materials they did not have to pay any money. The project procures these materials and supply free of cost to the students of the Schools. The uniform was distributed among the students with minimum making charge of parents.

Photographs of the students of the schools are attached in

Annex-2

6. To continue making aware and motivate the parents / guardians to send their Children for compulsory primary education and secondary education through School Management Committees.

a) To continue the support two School Management Committees and train them for capacity building.

Two Schools Management Committees of the Schools were established and functioning well. Regular meeting was held according to the plan. The problems of the Schools were discussed in the meetings and decisions were taken. SMC suggest the project to take any decision and

help project staff to run the project smoothly. During the reporting period 10 meetings were held in two Schools. Average attendance was 82%.

Photographs of the SMC meeting's are attached in

Annex-4

b) To continue the support School Management Committees to motivate the parents so that they willingly send their children to school.

The guardians of two schools are participating in the regular meeting to share the results of their children. These meetings helped motivate the parents to send their children to school regularly and reduce the dropout rate. Guardians expressed their opinion in the meeting.

Photographs of the Guardian Meeting's are attached in

Annex – 5.

7. To reduce child labor in the area by sending the children to the schools:

Reduction in dropout in primary education:

Child labor is one of the main problems of the area. To reduce the child labour is also a great challenge of the project. It related with many factors. So to address this problem is not so easy task. However the project took this challenge to reduce the child labour to a great extent. To achieve this target the project has undertaken a number of initiatives. Among these sponsorship students, Family Survey, Guardians meetings, adult education etc is the main.

A family survey of the children of ages between 5 to 12 years in the villages under two Schools was undertaken. It was found that a total of 1,000 children of that age group were identified in the area. Among them 882 children were enlisted to the primary schools and madrasas (as religious schools) this year. It is more than 88.2%. It is to be noted that target group of this year survey was 5-14 years of children where as it was 5-12 years in the past. It was done as per government requirement. So if the data of the last year is compared with the data of this year survey report there might be a confusion of reducing of the enlistment coverage. The Government Official appreciated the situation of the enrolment of children of the Project area.

The higher coverage of the enrolment was possible by the hard work of the whole team and the school committee of two schools to motivate the parents. The Summary of the Survey Report January-2021 and the Summary of the dropout children from the project Schools are shown below:

Summary Report, Family Survey, January-2021:

Name of school	Number of families	Populations	Number of children (5 -12) Yrs	Children Enlisted in schools			Children not enlisted in schools	% of the children enlisted
				Project Schools	Other Schools	Total		
Dakbhanga School	199	1016	329	113	166	279	50	84.84
Moishkum School	549	3179	716	300	324	624	92	87.15
Total=	750	4293	1000	447	445	882	118	88.2

Drop Out and Continued students in Six Classes: Class V to Class Pre-School Date: 30 June 2021 (Both school)						
Classes	Total Enrolled	Drop Out		Continued		Remarks
		Total	%	Total	%	
Class – V	52	01	1.92	51	98.07	
Class – IV	90	0	0	90	100.00	
Class – III	88	03	3.40	85	95.59	
Class – II	70	03	4.28	67	95.71	
Class – I	81	04	4.93	77	95.06	
Pre-school	66	01	1.51	65	98.48	
Total=	447	12	Average = 2.68	435	Average = 97.31	

- **Reduction in dropout in secondary education:**

Total 636 students passed from the project supported Schools in last 16 years. 17 students of them did not go for secondary education for less interest of their guardians and other problems. From the remaining 636, total dropouts in sixteen years are 2.95 % students of them are still studying in the secondary schools. So it is found that the project influenced a lot of reducing the dropout rate and ultimately the reduction in child labor in the area. Last year total 61 students passed from both school. 25 students continuing their study from the support of project. Rest of 36 students continuing their study without any support from project. The student situation from starting to end of December-2021 is shown below:

Sl	Category	Students of the Project School								Other Schools			At the end of December-2021

- **Motivating the parents to send their children to schools:**

Guardians meeting were organized during publication of the results of monthly tests and final exams. The results of individual are shared with their parents. The best students of the classes are appreciated with small prizes. It improved the attendance of the guardian meetings. After sharing the results an action plan is prepared for the next period.

The School Management Committee (SMC) members also attended the monthly guardians meetings. They discussed the different issues of the schools and make their decisions. This process is helping them to share ideas, come to a consensus and respect the others opinions. They also visited the school.

B. Management, Supervision and Monitoring:

The management committee of the Organization has been formed with the Country Representative, Project Coordinator, Administrative Officer, Head Teacher of Dakbhanga and Moishkum Primary School and two women teachers of two schools the Managerial Staff of main. This committee worked very efficiently till early this year. The main tasks they have done were preparation of the annual reports for the NGO Bureau and the Headquarter, selection of new students for sponsorship, liaise with the GOB etc. Management selected best employee of the year.

Financial management:

Last 2012 the staff salary was increased. The starting salary of a teacher has been increased from 4,600 BDT to 7,109 BDT. The starting salary of the Head teacher is fixed as 10,325 Taka, Others salary was raised by about 18%. Teachers of Dakbhanga school getting extra 2% for remote allowance. In January - 2020 salary of all staff of Dakbhanga Bangladesh was not increase for limited budget. Salary situation of the staff is shown in the

Annex- 16

Class wise group photographs of the students is shown in the

Annex- 3

Photographs of the Visitors are shown in the

Annex- 8

The permission of the fund release for year 1 of Phase IV has been received from the

Government of Bangladesh. After the permission the fund for year 1 has been received from the Donor Dakbhanga – Belgium.

C. Conclusion:

All activities of 2nd six months of the year 1 for phase IV are well done which are stated in this report. For all these successes the organisation would like to thanks all the staff of the project who worked hard for the children of the locality day to night, the members of the School Management Committee of both school and the District and Upazilla level government officials who extended their hand of cooperation in different stages of the project.

Finally the project would thanks the peoples of Belgium who are supporting the project in Belgium and the Executive Committee Members of Dakbhanga Belgium for all of their continuous efforts and their rest less cooperation for the poor and disadvantaged children of Bangladesh.
